MESSAGE FROM THE MINISTER OF TOURISME

The Gouvernement du Québec is indeed proud to support the iF3 Festival in Montréal. The event, which combines cinema and sports, allows thrill-seekers to savour adventure and relive the exploits of skiers and snowboarders.

Its festivals and events vary Québec's tourism offerings, thereby enhancing its appeal and raising its profile. The numerous festivalgoers attending iF3 also generate significant economic and tourism spinoff for Montréal and Québec overall.

Moreover, I invite participants and spectators to extend their stay in the Greater Montréal area to take advantage of its numerous attractions and to come back to Québec this winter to enjoy its ski resorts.

Happy viewing!

La ministre du Tourisme,

Caroline Proulx
